Extra-curricular activities

Dec 2018 — Present

Hermosillo

Teacher & Staff, C De Código

C De Code is an NGO that teaches the basics of programming to young people and to create a community in my city.

I started teaching a group of young people, the basics to start programming (HTML, CSS, JS).

Nowadays I am part of the staff to land ideas and to teach other technologies that I use in my day-to-day projects.
